

Subject: Governor's HB 6375 Section 2 (e) #6

As a certified deaf interpreter working for the State of Connecticut Commission on the Deaf and Hearing Impaired (CDHI), I am strongly encouraging you to vote **NO** to the Governor's HB 6375 Section 2 (e) #6, where it states that the Commission on the Deaf and Hearing Impaired (CDHI) is to be terminated July 1, 2014. Listed below are quick bulleted reasons I believe the Commission on the Deaf should **NOT** be terminated. This list is a quick reference; it is by no means an exhaustive list:

- Closing CDHI will cause more undue financial burden for the State agencies (DCF, DDS, DMHAS, DOC, etc) to comply with federal mandated laws (stated below) then it would cost to keep the Commission a functioning identity within the Executive Branch. CDHI's competitors charge substantially more money than the current rates at CDHI.
- CDHI enables the State of Connecticut to be in compliance with federal mandated laws such as; Americans with Disabilities Act, (ADA), Individuals with Disabilities in Education Act, (IDEA) and No Child Left Behind (NCLB).
- Closing CDHI will no longer provide the State of Connecticut with a governing agency to oversee the statutory law (CGS Section 46a-33a) of all interpreters being registered in the State and working with proper certification.
- Closing CDHI will directly effect and negatively impact the quality of life for all persons who are Deaf and Hearing Impaired as well as the community at large due to the limited access to services such as interpreting, counseling and advocacy.
- Most referrals (medical, legal, education, business and corporations) are done through CDHI.
